

THE PEACE BOAT **GOLDEN RULE** VISITS SE MICHIGAN AUG. 13 - 17

Golden Rule

*Sails Again for a
Nuclear-Free World!*

In 1958, anti-nuclear weapons activists were arrested to stop the Golden Rule from sailing to obstruct atmospheric U.S. nuclear weapons tests in the Marshall Islands in the Pacific Ocean. Resulting protests led to the passage of the 1963 Limited Nuclear Test Ban Treaty, halting atmospheric testing. The Golden Rule and her crew inspired the later actions by the ships of Greenpeace and the Sea Shepherds.
